OCH29 - OCHO RIOS & DUNN'S RIVER FALLS - LUNCH INCLUDED

ACTIVE &
ADVENTURE

Time to leave the ship and instead visit one of Jamaica's premiere attractions, the gorgeous Dunns River Falls near Ocho Rios, which you'll reach after a scenic drive. A plaque provided by the Jamaican Historical Society marks the spot as the site of the battle of Las Chorreras, fought by the English and the Spanish over land rights in 1657 with the English as the victors. The land was ultimately acquired by the Jamaican government in 1972, since which time it has served locals and visitors alike as a popular recreational area and park. The spring water that feeds the falls is rich in calcium carbonate, which results in deposits of travertine and makes the falls a self-regenerating living phenomenon. After a drive to the Dunns River, your guide will lead you up the naturally terraced river bed as part of a human chain. The climb includes a short pause at the so-called massage parlour, where the cascading water can soothe tired shoulders. As an alternative to the climb, there are safe spots from which to watch the others ascend the falls. Next up is a tasty Jamaican buffet lunch by the sea, after which a sightseeing drive around Ocho Rios rounds off the tour before you return to the ship. Please note: guests are recommended to wear swimwear under comfortable clothing, high-factor sunscreen and to bring a towel plus a change of clothing if swimwear is not worn at the waterfall. Slip-proof or water shoes should be worn since climbing the falls many terraced steps is both strenuous and very slippery. Guests wishing to climb the falls must be at least 92 cm/3 ft. in height. Guests will not be permitted to jump from the falls.

OCH34 - DUNN'S RIVER FALLS EXPRESS

**ACTIVE &
ADVENTURE**

Leave the ship for a while and instead venture out to one of Jamaica's most popular natural wonders, the Dunns River Falls near Ocho Rios, which you'll reach by coach. The waterfall is fed by spring water with a high concentration of calcium carbonate, which in turn leaves deposits of a rock called travertine. As a result, the falls count as a living and growing phenomenon. Once at the falls and following a safety briefing, you'll form a human chain and be led up the naturally terraced river bed by your experienced guide. Then enjoy a stop at the so-called massage parlour and experience the soothing effect of the cascading water on its way to the sea. For a more leisurely look at the falls, you can also spend the time comfortably seated on the terrace or deck and simply watch the proceedings. The surrounding forest, by contrast, provides the perfect setting for a walk through tropical vegetation including ferns, bamboo, ginger lilies, orchids, palms and breadfruit trees. Your return to the ship finally brings the tour to an end. Please note: guests are recommended to bring a towel as well as to wear high-factor sunscreen, swimwear and non-skid water shoes, since climbing the many steps of the falls is both strenuous and slippery. Water shoes are available for hire at the waterfall. Guests wishing to climb the falls must be at least 92 cm/3 ft. in height. Guests will not be permitted to jump from the falls.

OCH39 - ISLAND SIGHTSEEING & GREEN GROTTTO CAVES

**NATURAL
WONDERS**

Take a scenic drive through the town of Ocho Rios, which is known for its abundant rainfall, verdant landscapes and rolling hills. Other outstanding vistas will be seen along the way, as you travel to Green Grotto Caves, for a touch of adventure and a journey into the underground. The caves are situated no more than 1 km from the spot where Christopher Columbus landed in 1494 and the fact that Runaway Caves numbers among their many former names is testament to one of the uses to which they were put in the 18th century. The caverns also provided sanctuary for the Spanish in the 17th century, later facilitated the activities of arms smugglers and were then used to store rum. Impressive dripstone formations such as stalactites and stalagmites, interconnected passages leading to larger chambers and the grotto itself with a pool of crystal-clear water are just some of the attractions that go to make this place so special. On your way back to the surface, a stop will be made at the so-called Wishing Well, a pool into which you'll do well to throw a coin, for luck, for love, for anything your heart desires. Once you return to the surface, the coach will be waiting to take you back to your ship in Ocho Rios. Please note: this tour is considered to be unsuitable for guests with mobility problems.

OCH36 - FLAVORS OF JAMAICA - LUNCH INCLUDED

SOMETHING SPECIAL

Good food is one of life's most basic pleasures and this half-day tour will give you a chance to cook up some of Jamaica's varied cuisine yourself. Whether you're a budding master chef or tend to shun the kitchen, you'll find this experience is at once fun, educational and a treat for your taste buds. You'll first travel from Ocho Rios to the beautiful Prospect Plantation Great House, which originally dates back to the 18th century. There's also a fabulous view of the sea to enjoy before you head for the veranda and your cooking class. With chef Irie at the helm and you at your own workstation, you'll find out how to make Dolphin Cove Special Blend Jerk Sauce and coconut with shrimp, prepare a leafy green called callaloo ready for steaming and knead dough for lovely little deep-fried dumplings known as Jamaican festivals. You'll also prepare your own jerk chicken, which you can then savour when you sit down for a typically Jamaican lunch. The outing ends with your return to the ship. Please note: guests must be at least 10 years of age to take part. Guests are further recommended to wear comfortable clothing and shoes. **SOMETHING
SPECIAL**

Cut loose from your ship for a few hours and instead enjoy a carefree brunch aboard a custom-built catamaran, complete with sunbathing trampolines, sunbathing spots and shaded areas for your cruising pleasure. Your three snorkelling highlights are located to the north, and as you sail, you can sip a mimosa and savour tempting morsels of delicious food. Since then, the supine vessel has become home to such marine creatures as coral, sponges, lobsters, hawksbill sea turtles and even moray eels, making her a fascinating place to visit in a variety of ways. Last up on the snorkelling itinerary is the marvellously shallow site at Malmok Beach, just a little to the south of the shipwreck. After all that activity, prepare to reward yourself with seafood paella - freshly prepared on board - and all that an open bar can offer while you enjoy the leisurely sail back to your ship. CRI04 - PANAMA CITY TOUR

CITY TOUR

There is only one place on earth that you can reach via the Caribbean Sea, then travel overland for an hour and leave via the Pacific Ocean: Panama City. Located at the entrance to the Panama Canal - a major feat of engineering that has now been in operation since 1914 - Panama City is not simply a pleasing blend of modern and colonial architecture, but also looks back on a long and interesting history. It was from Panama City that Francisco Pizarro launched his two unsuccessful attempts to conquer the Incan empire in Peru - once in 1524 and then again in 1526 - and Vasco Núñez de Balboa ventured out to ultimately discover the Pacific Ocean in 1513. And Panama City was the first settlement to be founded on the Pacific side of the American continent, namely in 1519, at which time it formed a vital communication channel between Spain and its colonies in the Pacific. This scenic, yet acquainted visit to Old Panama then continues on again by coach to Casco Antiguo, or the Colonial City. Founded in 1673, the city replaced the old capital, which at that time had already lain in ruins for 2 years after an attack of the Englishman, Captain Henry Morgan. The Casco Antiguo is full of historical buildings, which include a cathedral, the national theatre, and the fabulous Las Bóvedas walkway. As a final extra before returning you to the ship, the tour also includes a quick visit to Agua Claras Locks (Expansion Center) to see how the Panama Canal operates. Please note: This tour includes a long route by bus. As the transit of ships through the lock is subject to local authority permission and is dependent on daily scheduling, no guarantee can be given that any ships will be passing through the lock at the time of your visit. The order of the visits may vary.

CRI12 - PANAMA CANAL EXPANSION

CULTURE AND HISTORY

Hailed as a major feat of early 20th-century civil engineering and one of the most testing building projects ever undertaken, the Panama Canal served to revolutionise global shipping when it was inaugurated after 10 solid years of construction work in 1914. Removing the need to navigate either around the notoriously hazardous Cape Horn in the south of Chile or the equally tricky Strait of Magellan, the 48-mile ship canal provided an easily navigable link between the Atlantic and Pacific Oceans via the Caribbean Sea. Your trip to this iconic structure begins with a short drive to the waterway's Expansion Observatory Platform to learn a little about the current construction project that aims to add capacities for a larger shipping lane by building a new and bigger set of locks. This experience at the canal will give you the opportunity to see the former Canal Zone, residential and military facilities that were built by USA at the beginning of the last century. Your fascinating tour of the Panama Canal then comes to a close with your return to the ship.

You'll be heading for one of the lake's most secluded spots to savour this natural splendour first hand. The experience promises to be particularly rewarding thanks to information provided by your tour guide on the animals and their various habitats. SCENIC ROUTE

Spend half a day meeting some of Costa Rica's cutest creatures: sloths. From their greenish-tinged fur and languid movements to their permanently smiling faces, sloths are simply some of the coolest dudes in the jungle. A short drive from the port will first take you to the site of your encounter: The Sloth Sanctuary of Costa Rica, founded as a not-for-profit rescue centre in 1997. After learning a little about the laid-back lifestyle of two- and three-toed sloths, you'll get to say hello to some of the lovable lodgers, for instance Buttercup. As the park's first resident and reigning queen, you'll probably find her holding court in a splendid basket chair near the entrance. Adorable! Your time at the sanctuary also includes a canoe ride along the freshwater of the Estrella River. Lush and densely vegetated, this protected area not only provides a habitat for more than 180 bird species, but also for monkeys, turtles and scores of butterflies. SCENIC ROUTE

Make yourself at home on a meticulously restored vintage carriage of the open-air Caribbean Train and get set to discover this supremely scenic region of Costa Rica in old-fashioned style.
